12th Std – 92.16%
10th Std – 88.2%

AREA OF INTEREST

- Java Programming
- Web Development
- Cloud Computing

SOFT SKILLS

- Quick Learner
- Leadership
- Time Management
- Optimistic

LANGUAGE

- English
- Tamil

HOBBIES

- Traveling
- Singing
- Playing Throw Ball

PROFILE

To secure a challenging position in a reputable organization where I can fully leverage my skills, continuously grow through learning, and contribute meaningfully to the organization's success.

TECHNICAL SKILLS

- Programming Languages: Java, Python, C
- Web Technologies: HTML, CSS, JavaScript
- Databases: SQL
- Tools & Platforms: GitHub, Android Studio, Visual Studio, Figma

PROJECTS

HealthPulse – A Doctor Appointment Application

- Built an Android app for booking doctor appointments with features like reminders and patient reviews to improve healthcare accessibility.

Prediction And Visualization of Trends in Stock Prices

- Developed a stock price prediction model using historical data and machine learning, with visualizations to highlight market trends and patterns.

EXPERIENCE

- During my internship at NSIC Technical Service Centre, Chennai, I developed basic Android apps, including a Calculator and a Quiz App, using Android Studio. I gained practical experience in app development, focusing on UI design and functionality.
- Attended workshops on Web Development and Big Data Analytics at NIT Trichy, where I gained hands-on experience in building web applications and working with big data technologies, enhancing my skills in both areas for real-world applications.

CERTIFICATIONS

- Programming with Java – Amazon (Coursera)
- Full Stack Web Development – Udemy
- Privacy and Security in Online Social Media – NPTEL

PRESENTED PAPERS

- *Prediction and Visualization of Trends in Stock Prices* - presented at the Springer Scopus- indexed PEIS Conference, NIT Uttarakhand (Online mode).
